

This chart shows the needle-free connectors compatible with the Aurum Legacy and Aurum CONNECT ranges of pre-filled syringes.

Intended for healthcare professionals only. This is non-promotional material.

This chart has been prepared and funded by Ethypharm.

The following list of needleless luer access device connectors are compatible with the Aurum Legacy range of pre-filled syringes:

Baxter Healthcare - Clearlink and V-Link Connectors
B.Braun Medical - Ultrasite/Safeflow/Caresite Connectors
Becton Dickinson (BD) - Q-Syte Connectors
BMDi TUTA Healthcare's Luer valve Connectors, including: H-Port, N-Pulse and T-Site
BMC Critical Care - EasiFlush Connectors
CareFusion - Maxplus Displacement Connectors and SmartSite Valve Connectors
CODAN Ltd - SWAN-LOCK Connectors
Fannin - Flowart Connectors
GBUK Healthcare - Prosum NF001 Connectors
ICU Medical UK - Nuitiv Connectors and Tego D1000 Connectors
RPG Medical - EZ-IVNF0001 Connectors
Spirit Medical - SecureConnect Connectors
Vygon - Vadsite Connectors

The following needleless luer access device connectors are compatible with the Aurum range of pre-filled syringes **when used with an adaptor**:

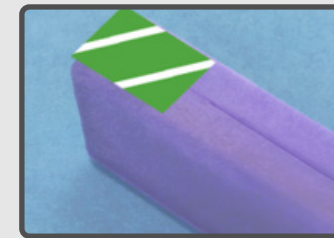

Vygon - Bionector Connectors: with ATP431 adaptor. Contact Vygon (UK) Ltd for information on how to obtain the adaptors.

ICU Medical UK - MicroCLAVE and MicroCLAVE Clear and Neutron Connectors: with the use of the 011-CS25 Clear Adaptor. Contact ICU Medical UK for information on how to obtain the adaptors.

To differentiate between both barrels, there are clear visual differences in the packaging as follows:

- Text: Updated layout with the word "**CONNECT**."
- Icon: "**Twist to open**" icon on CONNECT packaging.
- Colour: "**Green**" with white stripes box closure label on CONNECT packaging (previously white).

The following list of needleless luer access device connectors are compatible with the Aurum **CONNECT** range of pre-filled syringes, without the use of an adaptor:

Baxter Healthcare - Clearlink/V-Link/OneLink Connectors
B.Braun Medical - Ultrasite/Safeflow/Rymed Invision Plus/Caresite Connectors
Becton Dickinson (BD) - Q-Syte/MaxZero/SmartSite/NeutraClear Connectors
BMDi TUTA Healthcare's Luer valve Connectors, including: H-Port, N-Pulse and T-Site
BMC Critical Care - EasiFlush Connectors
CareFusion - Maxplus Displacement Connectors and SmartSite Valve Connectors
CODAN Ltd - SWAN-LOCK Connectors
Fannin - Flowart Connectors
GBUK Healthcare - Prosum NF001 Connectors
ICU Medical UK - Nuitiv/Tego D1000/MicroCLAVE/MicroCLAVE Clear/NanoCLAVE Clear/Neutron Connectors
Promedica - B-site Connectors
RPG Medical - EZ-IVNF0001 Connectors
Sendal UK - TPS Connectors
Spirit Medical - SecureConnect Connectors
Vygon - Bionector & Vadsite Connectors
